-   Any combination N + N. No actions.
-   Combination N + M = 7. Pick a card.
-   N + N = 12. The neighbour from the left breaches your data by placing one of your cards on the table.

Any other combination - move forward by N + M.

-  GREEN - stay here.
-  WHITE - move and act there according to the destination.
-  RED - return the card **OR** roll a single dice and move back. If you reach:
- RED - return the card;
 - Other colour - just stay there.
-  YELLOW - roll a single die and move back. If the reached position IS NOT GREEN NOR WHITE, roll two dice:
- N + N - no action;
N + M = 7 - pick a card;
Otherwise, return a card.

MAX 6

ROLL 7!

-   Any combination N + N. No actions.
-   Combination N + M = 7. Pick a card.
-   N + N = 12. The neighbour from the left breaches your data by placing one of your cards on the table.

Any other combination - move forward by N + M.

-  GREEN - stay here.
-  WHITE - move and act there according to the destination.
